Learning &  
Growing  
Happen One  
Step at a Time”*

## *About Little Footsteps*

We are a private, non-profit child care center serving children between the ages of 6 weeks to 6 years old. We are privately owned and operated under the Wayne Police Athletic League. Little Footsteps accepts children regardless of race, creed, or religion. Our center is open all year from 7am - 6pm.

### *Our Programs include:*

- \*Infant Care
- \*Waddlers
- \*Toddlers
- \*Pre-School
- \*Pre-Kindergarten
- \*Full Day Kindergarten + Enrichment

## *Philosophy*

Our goal is to enhance the child's life through a loving, caring and nurturing environment. We respect each child as an individual, providing them with programs geared to meet their emotional, social, and developmental needs. Parents are always welcome to visit the center, participate or just observe any time. Parent involvement is recognized as an integral part of our program.

## *Mission Statement*

Our mission at Little Footsteps is to create a learning environment in which all children have an opportunity to explore their world. We will provide families with programs where "Quality Education" and "Affordability" go hand in hand.

We stress the importance of the process of learning along with a strong emphasis on caring and respect for those around us. Each child is challenged and encouraged to reach their fullest potential in an atmosphere that fosters your child to become self-confident, independent, and an inquisitive learner.

## *Curriculum*

Our low teacher-pupil ratios enable us to individualize our curriculum to meet a child's special needs, thus promoting a positive self-image. Through a multi-sensory approach the child's environment will offer as much as it can to stimulate the child's senses. Our program shadows the NJ Department of Education's Pre-School Curriculum and implements the Creative Curriculum program. All areas of child development are incorporated into age appropriate activities.

## *Open Door Policy*

Parents of registered children are welcome to visit or just stop by the center without an appointment, any time.

## *Security*

Our entire building is under video surveillance, including our classrooms, for the maximum safety of the children. In addition, keypad codes to enter the childcare center will be given out to parents upon registration. All parents must sign their child "IN" and "OUT" each day.

## *Professional Staff*

Our enthusiastic educators share our philosophy and mission for Early Childhood Education. Each staff member will maintain current American Red Cross First Aid Certification and CPR. Staff also receive additional on-going training in the core areas of child development, as mandated by the Bureau of Licensing. It is each staff member's personal commitment to maximize each child's learning potential where safety and care are first and foremost.
